Expo Silesia - a new exhibition
centre in the largest Polish
agglomeration

2015-09-03 14:57:52

Expo Silesia is a new facility on the map of Polish trade fair centres. It is located in the city of Sosnowiec, in the Silesian conurbation.

Expo Silesia - a new exhibition centre in the largest Polish agglomeration

Expo Silesia is a new facility on the map of Polish trade fair centres. It is located in the city of Sosnowiec, in the Silesian conurbation.

The trade fair centre, taking up an area of more than 17 hectares, is excellently accessible by car and public transport. International airports, motorways, expressways, enormous industrial agglomeration - all of them located nearby - provide great exhibition opportunities.

Look at our [fair calendar](#).

According to plans, facilities to be ultimately located within the premises of the trade fair centre will include:

- modern exhibition pavilions of more than 43,000 sq.m, featuring special platforms for presentations of heavy machines and other exhibits
- over 35,000 sq.m of outdoor exhibition area
- car parks for over 1,500 vehicles
- conference centre for 1,000 participants
- restaurant and shopping complex
- four-star hotel

The development of Expo Silesia will consist of a few stages. The first one include:

- 13,500 sq.m of exhibition space in an air-conditioned pavilion equipped with all facilities required by exhibitors
- 20,000 sq.m of external exhibition area
- car parks for over 1,000 vehicles
- conference rooms with a total seating capacity of 400, whose layout can be arranged according to requirements, with smaller rooms also being available; such a configuration will facilitate implementation of large-scale conference projects, in addition to banquets and smaller event being organized there.

The architectural design of Expo Silesia makes it possible to hold a few trade fairs simultaneously. The functional and convenient layout of the premises was specially designed to meet the highest expectations of exhibitors and visitors. High quality of the pavilions and external exhibition area will conform with relevant European requirements.
